❖ Bachelor of Science (B.Sc.)

- Name of the institute : Green University of Bangladesh
- Department : Computer Science and Engineering (CSE)
- Passing year : 2026
- C.G.P. A : 3.45 (out of 4.00)

❖ Diploma-In-Engineering: -

- Name of the institute : Magura Polytechnic Institute.
- Board : Bangladesh Technical Education Board (BTEB)
- Department : Electronics Tecnology
- Passing year : 2019
- Obtained C.G.P.A : 3.27 (out of 4.00)

❖ Secondary School Certificate (SSC): -

- Name of the School : Shimor High School
- Board : Dinajpur
- Group : Science
- Passing year : 2015
- Obtained C.G.P.A : 4.83 (out of 5.0)

Experience:

1. OnnoRokom Projukti Limited

Assistant Network Engineer (DevOps & Network)

(11/2024 –Present)

Duties/Responsibilities:

- Install, configure, and maintain networking devices including MikroTik routers and Cisco, Huawei, and BDCOM switches.
- Perform hands-on installation and rack mounting of network devices, including proper power, uplink, and port connectivity.
- Manage and organize network cabling, patch panels, cable labeling, cable routing, and cable management within server racks and network infrastructure.
- Monitor and maintain LAN, WAN, and wireless network infrastructure to ensure optimal performance, low latency, and maximum uptime.
- Troubleshoot Layer 1–3 network connectivity issues, identify root causes, and escalate critical incidents when required.
- Manage IP address allocation, VLAN configuration, routing, and switching policies across network environments.
- Configure and maintain wireless devices, IP phone systems, VoIP services, and routing.
- Monitor network and system logs using Elastic Stack (ELK) and monitor server performance and infrastructure health using Grafana.
- Perform real-time monitoring of Udacity live classes and online learning infrastructure to ensure stable connectivity and uninterrupted live sessions.
- Provide technical support to internal teams and branch offices, including network troubleshooting, device inventory, and automated configuration backups.
- Coordinate with vendors and ISP service providers for issue resolution, maintenance, and infrastructure upgrades.

2. Premium Connectivity Limited (ISP)

Support Executive (P&D) (1.8 yrs)

(20 Nov 2022 – 30 Sept 2024)

Duties/Responsibilities:

- Monitored uplink/downlink traffic, service availability, and network performance using NMS tools and performed service up/down checks.
- Handled customer complaints and connectivity issues, performed line checks, and coordinated troubleshooting for timely service restoration.
- Coordinated with Fiber/Transmission and Power teams to resolve fiber faults, power issues, and network outages.
- Performed remote configuration, troubleshooting, and backup of network devices and servers using Telnet/SSH.
- Monitored ISP network servers and core infrastructure to ensure reliable services.
- Communicated with internal technical teams and customers to identify issues, follow up on incidents, and minimize service downtime.

Industrial training & practice:

- Organization Name : North Bengal Engineering Institute
- Topics : Basic PLC Automation System
- Address : Gazipur, Dhaka.
- Duration : 6 Months.

Language Skills:

- Bengali (Excellent).
- English (Medium)
- Hindi (Low)
